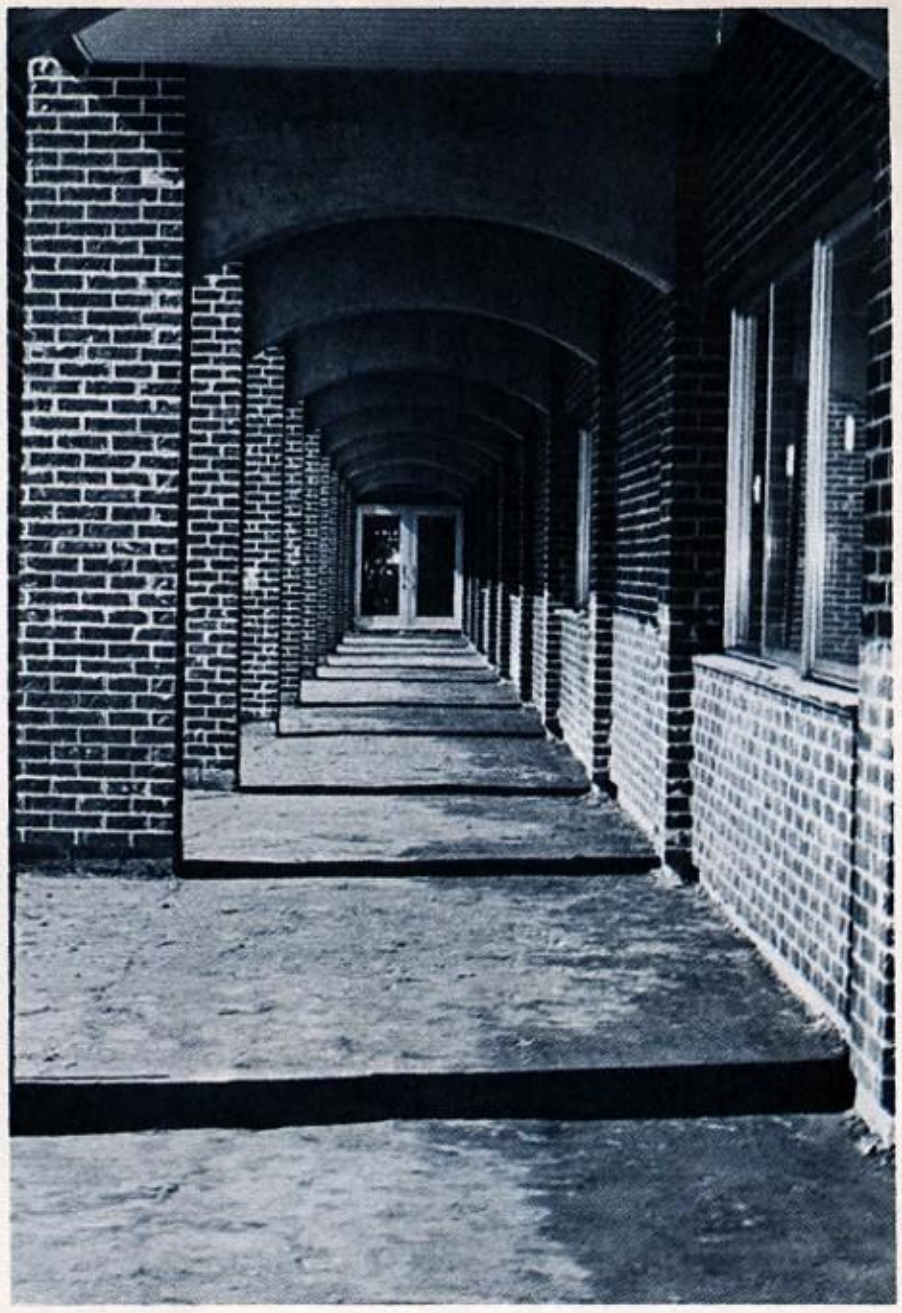
The Crimson and Blue

The bricklayer laid a brick on the bed of cement.
Then, with a precise stroke of his trowel, spread another layer
And, laid another brick.
The foundations grew visibly,
The buildings rose, tall and
strong, to shelter men.

I thought of that poor brick buried in the darkness
at the base of the building,
No one sees it, but it accomplishes its task.

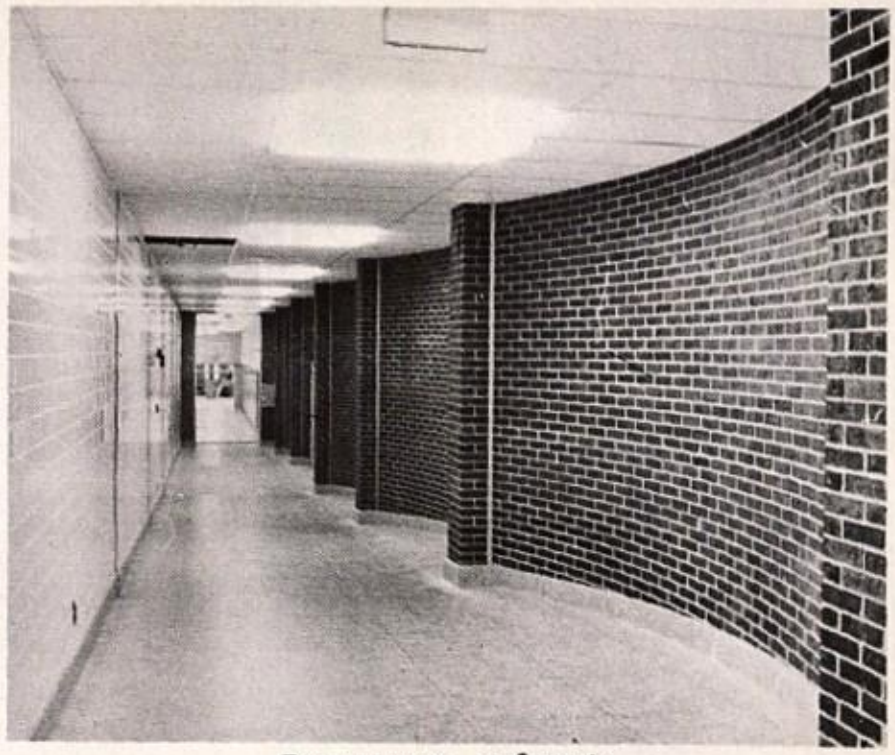
What difference whether I am on the rooftop or in the foundation of the building, as long as I stand faithfully at the right place?

Michael Qoist
Main entrance
and cafeteria.



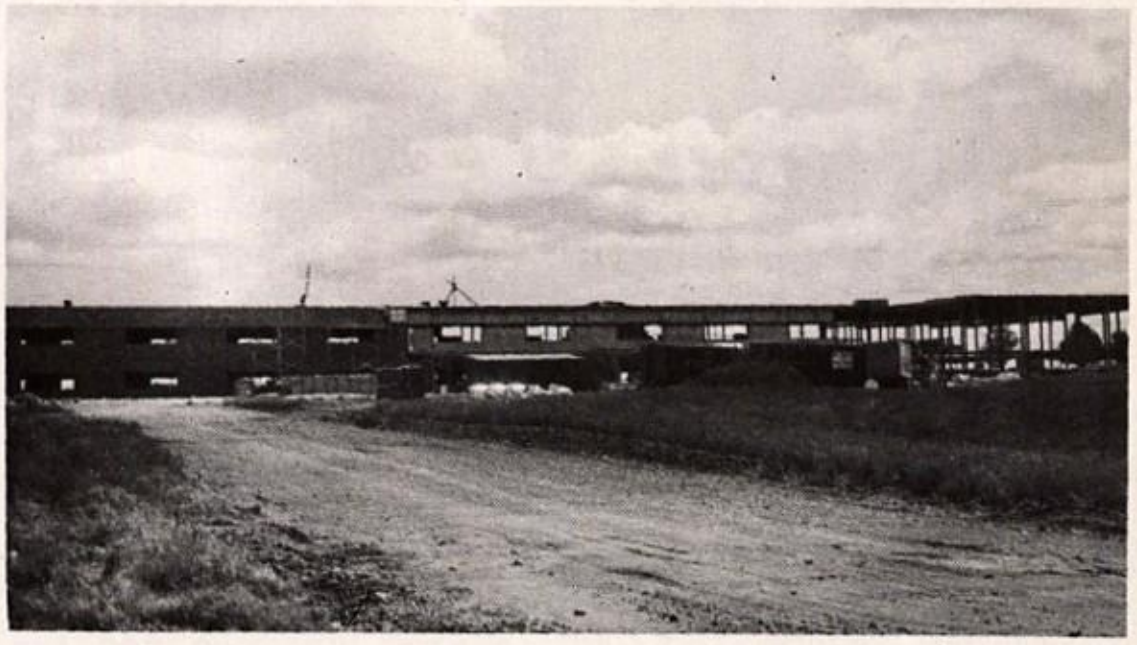
Our New School

This was the year we all have been waiting for. The year when the students of P. A. C. S. would transfer to a new school. As students, it is difficult to imagine the months of planning, designing, building, and extracting money it required. We can only show our appreciation for what so many dedicated people have handed us. Thank you.

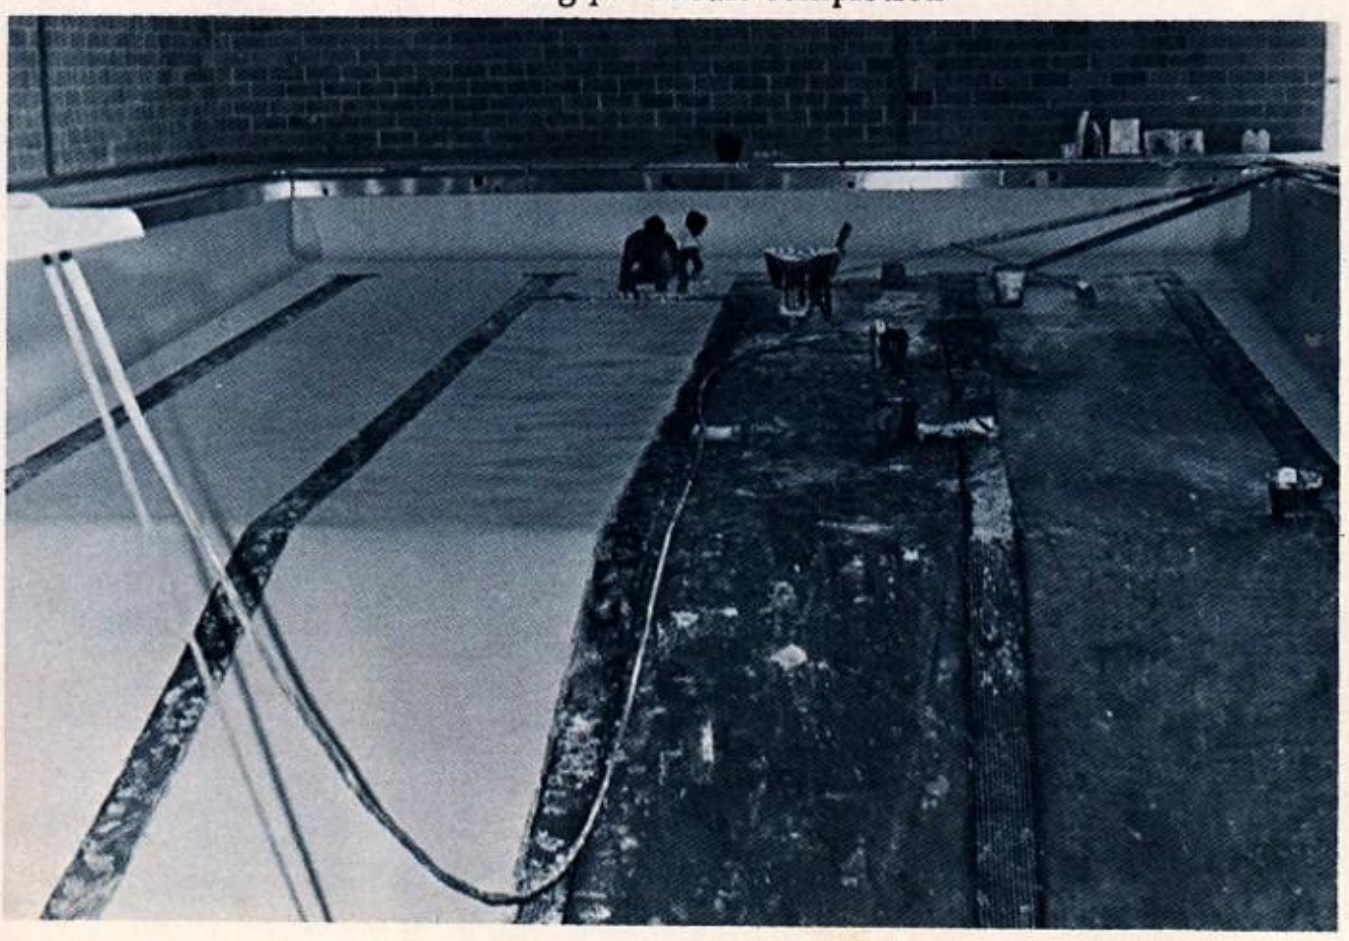


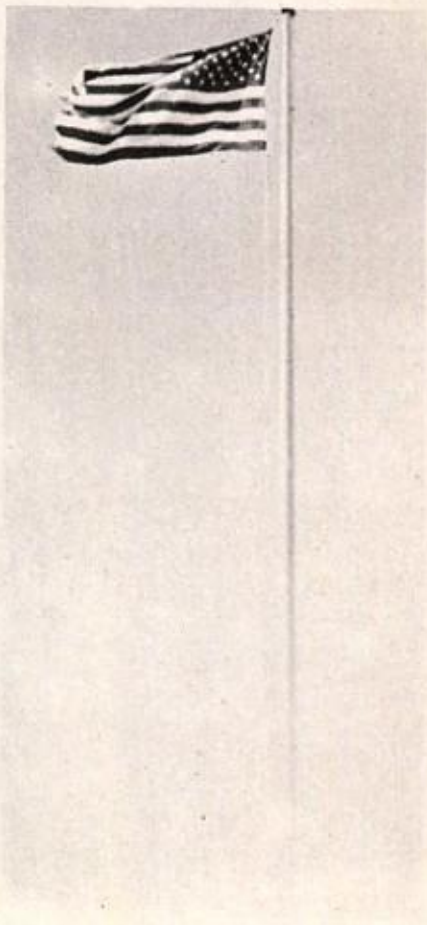
Raceway to cafeteria

Our one and only tree!



Swimming pool nears completion





Time it was,
And what a time it was,
It was . . .
A time of innocence
A time of confidences.
Long ago . . . it must be . . .
I have a photograph.
Preserve your memories;
They're all that's left you.

Simon and Garfunkel

The purpose of this yearbook is to preserve your memories. The staff has tried to do this by using new and exciting ideas that are relevant to the history made in our school this past year. The theme chosen was "Our Thing." It is just that.

It is difficult to show my appreciation to all the staff members and especially to Mr. Callan. We had fun along with many, many hours of hard work. The staff was a great team and "Mucko" was a super coach. I would like to thank everyone.

I especially would like to thank the Snow Foundation which enabled me to attend the Student Press Institute at Syracuse University. The yearbook courses I took, gave me the experience to guide my staff towards a better book.

I wish to thank the Board of Education for allowing the elementary to be dropped from the book. This was done for financial reasons, recently. The Pulaski Democrat also made many contributions by allowing the staff to make use of articles and pictures.

The goal of the staff, Mr. Callan, and all the other people who contributed, was to make this the best book ever. I feel we have succeeded.

Sincerely,

Mary Lou Stuck
Editor-in-Chief

JOHN L. H. MASON, M. D.

Dr. John Mason

JOHN L. H. MASON, M. D.

On Thursday, September 25, 1969, the village of Pulaski suffered a great loss from which it will never recover. John L. H. Mason, M. D., who died at the age of 65, will leave an unfilled void in this community and in the hearts of those who knew him.

As a medical doctor, John Mason treated his patients, or anyone else who needed him, with more than just the basics of medical service. He was not a man to bother with trifles or to become involved with sentimentality but thousands of local people can testify to the amount of care and personal attention he gave them in their illness.

John Mason, according to his peers in the medical profession, could have established reputation as a surgeon in any hospital, but instead he choose to serve the people of this village and to serve as the school doctor.

The life of Dr. John L. H. Mason with its contributions to the welfare of his fellow citizen, stands by itself; he was one man in ten thousand; he can not be replaced.

What Not

The purpose of the 1969-70 WHAT-NOT staff this year was to convey the ideas of all phases of school and pack as much of it as possible into a paper. The staff tried not to show a biased opinion against any one group such as the senior class as is done in so many other papers. By this token, I hope we have brought our readers a paper of good journalistic quality and fine reading.

I felt that we, as a staff, have tried harder than any other before us to involve the student body to join in the planning. We asked for opinions, poetry, and published a questionaire for the readers comments on the paper and the advice they might give to improve it.

The fabrication of the papers took many long hours of planning, writing and photographing. The staff was hard working and showed gratifying interest in their work. Our advisor, Mr. Arthur Haynes, better known by his nickname, Mr. Haynie, has helped us so much in providing gasoline, food and shelter when it was needed and helped the staff cope with nervous breakdowns.

Finally, I would like to say "thank you" to all the people who wrote for the paper throughout the year, to the wonderful staff, Mr. Haynie and to the student body for supporting us with their nickels!

Sincerely,
Mary Lee Heckle
Editor-in-Chief

Varsity Club

G. A. C.

The Girl's Athletic Club of Pulaski Jr.-Sr. High School offers a variety of activities to girls from 9th through 12th grades. Through their participation they are given an opportunity to develop interest and acquire skill in worthwhile activities. They have the privilege of working with groups of their peers, cultivating a cooperative attitude and fine sportsmanship.

This year all of the girls will be involved in intramural sports. Participation is on a voluntary basis so there is no pressure regarding selection for the various teams. If a girl is not free to devote enough of her time to be a member of G. A. C. she may come for her favorite sport.

The sports offered include field hockey, volleyball, basketball, archery, tennis, track and field, and perhaps swimming. The club gives several awards to its eligible members. The highest honor accorded to a member of the Girl's Athletic Club is to be selected by her fellow members Girl Athlete of the Year.

"Patti" Meroni

This year, Pulaski has the privilege of having Patricia Meroni, an A.F.S. student from Italy, who has come to live here for a year. She arrived here in early August and is staying with the Merritt Switzer family.

Patti came from a small town near Milan, a large city in northern Italy. She lives there with her mother, her 11 year old brother Louis, and 20 year old brother Edward. In her American Family she has 7 brothers and 2 sisters.

Patti likes sports. She plays tennis, swims, skis, and sails. She speaks English very well, and has taken it for five years.

In Italy, Patti goes to high school for five years, six days a week, and takes about ten subjects. School there is from October to June. She comes home from school at 1 p.m. every day except once each week, Monday; that day she stays in school during the afternoon. She says they are much different from American schools.

Patti seems to have adjusted very well to American life. Already she has mastered the art of sleeping till noon on Saturday and although she does not understand everything that she hears and reads, she is understanding more every day and can comprehend the general idea. We wish her success and happiness and hope her stay here in Pulaski is pleasant.

A. F. S.

The American Field Service offers to high school students an opportunity which many people never receive in a life-time - the chance to travel abroad and live with a family there for a summer or a year. Such an experience broadens one's mind, giving him a set of values and understanding of people which he will carry with him for the rest of his life.

My summer in West Germany introduced me to new people, customs, foods, and languages. By living with a family I was able to learn much more about the people themselves than I ever could by reading a book or even traveling as a tourist in that country. My German families were very kind and hospitable, but while I grew fond of my "adopted" country, I developed a greater appreciation for America. For the first time I learned how it feels to be a "foreigner."

I would like to thank the members of the A. F. S. committee and the people of Pulaski for giving me this opportunity and helping to make my trip possible. I hope I can successfully relate to you some of what I learned this summer, and I only wish that more young people could share the same experience.

Sincerely,

Marjorie Manwarren

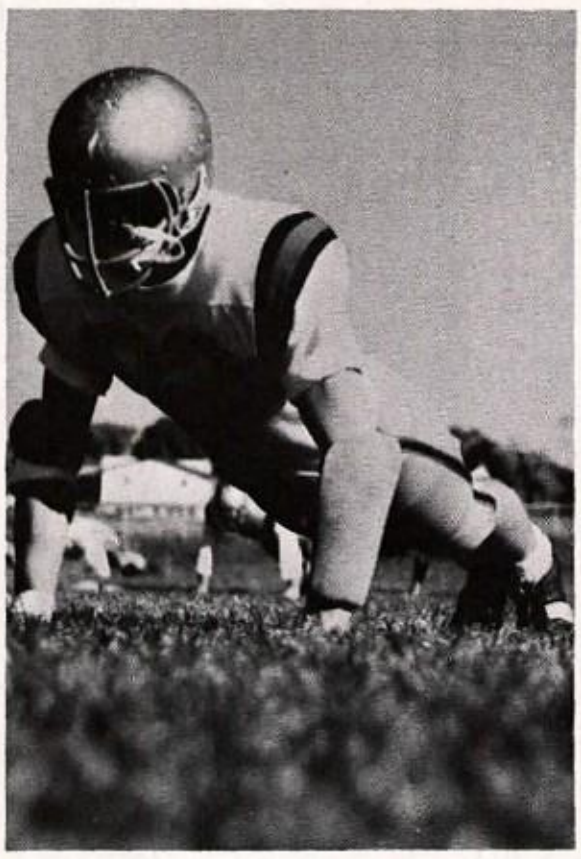
The 1969 edition of the Pulaski Academy and Central School football team finished its season with a fine record of 5 wins and 2 losses and a 3rd place finish in league standings.
Next fall the Devils will miss such outstanding players as Mike Allport, Don Atkinson, Don Colvin, Dennis Fox, Pat Garrett, Ed Mathison, Ernie Seal, and Ron Vrooman. However, with the returning veterans and a fine crop of rookies, next year's team is in store for another fine season.



L. to R.: Coach Jones, M. Allport, K. Hax, M. Hollands, P. Gasperini, D. Atkinson, M. Hanchett, D. Ball, E. Mathison, B. Hanks.

Basketball

With the most successful season to date, the "DYNAMIC DEVILS" of Pulaski won a league rating of 11 wins and 1 loss. Led by an all senior five, Mike Allport, Ed Mathison, Don Atkinson, Karl Hax, and Mark Hollands, the teams overall record was 14-2. Players Peter Gasperini, Don Colvin, Dave O'Riley, Mike Handchett, Denny Ball, and Bob Hanks contributed much to the trade marks of determination and hustle which sparked the team to improving to its peak at the end of the season.

In no previous year was team spirit and school enthusiasm so overwhelming. The team fought long and hard for the dignity of Pulaski and they won. We will miss the seven senior boys leaving but look forward to the next season.

"Blue Devils" Baseball Team

Coach John Jones was not shocked when his "Blue Devil" baseball team brought down the curtain on a highly successful 1969 season finishing with a 15-3 slate. Pulaski capped the Oswego County Baseball League title by defeating Oswego Catholic High School by a 12-1 margin.

For Pulaski, this year the difference was that extra added ingredient, whether it was one man, more strength in one department or even just a change in basic attitude. A lot of things went into the success of the devils, such as the fine pitching of Paul Poole, Fred Poole, and Jerry Trackey. Also the hitting of Tom Williams, Don Atkinson and both Poole brothers. But most important was the outstanding team attitude.

Track Team

Since track is at the end of the year it is impossible to report on the teams progress and success. The boys look like a fit group (especially the three in the top row) and it is probable many records will be broken!

This was the first year for the newly formed wrestling club. The limited student participation limited the amount of success the team could have but many of the wrestlers had very impressive matches. The team played Hannibal, Sandy Creek, Central Square, Mexico and Pebble Hill. Another member not in the picture is Gary Walker. Mr. Haynes coaches the wrestling team and is hoping for more boys to go out for the team next year.

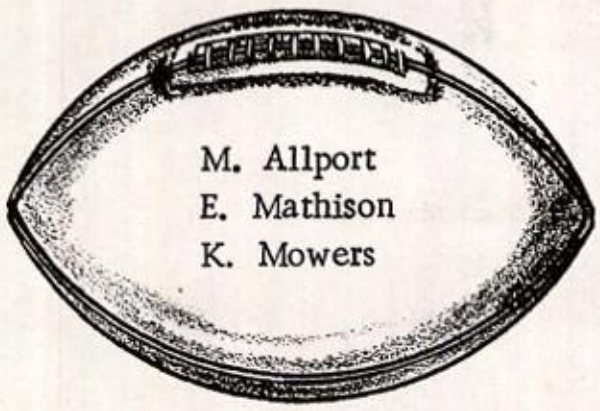
All Stars



A high point of the grid season was the placing of three players on the All-County All Star team. They were: quarterback Mike Allport, defensive end Jim Pacific, and linebacker Ron Vrooman. Ed Mathison and Kim Mowers received All Star Honorable mention.
